New budget draft that came in later yesterday. DOA would like to create an Office of Business Development in DOA, with a director and deputy director appointed by the governor. Is this yours? Details on duties of office are sketchy at this point, but Caitlin can help.

Caitlin,

This is fine for today but I would say you will need a little more detail on the functions of the office at some point before JFC reviews the item.

Rick tells me you are handling this. We still do not have a good handle on the duties but Rick suggested you could put something in the Chapter 16 that requires the Secretary to determine the duties of the Office of Business Development.

So is the plan on Tuesday to come up with a general duty for the office? I can certainly try to craft one about something relating to business development, but it would help if you can give me a sense of what the office is to do.

Doesn't exist; we assumed it would require a change under Ch. 15. We don't as yet know exactly what its purpose is...

I think you also have to amend 20.923 for the ESGs?

I think so; let me look in the morning. Does this office currently exist? If not, we need to create it since we make reference to a director and deputy director.

Jenny, posing as me, just sent a new stat language request regarding the creation of 2 unclassified esgs and the Office of Business Development. Any way we can change stat language but not title in a DOA appropriation to make this work (since our file maintenance is done and we don't really want to re-open)?
